THURSDAY, Dec. 23-P. M. There was a smart and pretty well sustained rally in the Stock market to-day, although at the close prices were quoted at some decline from the highest points of the day. The largest movements were in Western shares, partly stimulated by the rapid advance in Michigan Central, and partly by the attractiveness of the low figures established on several of the leading stocks. The demand for Michigan Central is mostly from Boston, and is doubtless based upon the statement of the Company, which will be made public as soon as the meeting of the Directors takes place. Financially, it is reported that the position of the Company is more satisfactory than at any time for years, and the ability of the road to resume dividends in July next is said to be beyond question. Galena, Rock Island and Michigan Southern were all better, and in very fair request ahronghout the session of the first Board, Galens and Rock Island advancing 11 P cent each, though searcely sustained at the improvement in later transactions. Some of the friends of the Galena are confident that a dividend of whatever earnings may have accumulated will be declared in February, not withstanding the letter of President Turner. The sales of Rock Island embraced 2,350 at the First Board, made a trip over the Hannibal and St. Joseph Rail-

and, notwithstanding the pressure of Central Stock for sale, the stock was quite firm at the advance established. Michigan Central went up to 521, but was a fraction lower afterward. New-York Central was much less active than usual, but had an improying tendency, and in the afternoon sold up to 83; from which point it settled down to 832, and was finally dull at that price. Hudson River, without much animation, was very steady at 331. The December earnings, we understand, show a steady and gratifying increase. The afternoon business was not large, and prices generally were about \(\frac{1}{2}\) \(\frac{1}{2}\) cent lower than in the morning, but there was, upon the whole, a tolerably steady feeling. After the adjournment there was not much doing, but the bears succeeded in making slightly lower prices for the closing quotations. The Bond market was firmer and better during the day, with a very well-distributed business. Of the State Stocks, Missouris, Virginias, North Carolinas and Californias, reduced | each. Illinois Central Railway Bonds recovered, with considerable vigor, from the recent decline, and at the Second Board sold at 86, an advance of 11 & cent from the closing prices of yesterday. La Crosse Land Grants went up to 242. and were steady. The market has not yet attained any marked degree of activity, and still acks the countenance and support of outsiders, although there has been an increase of real buyers within a day or two. Most of the prominent speculative shares have been largely oversold again, and very moderate efforts on the part of the bulls would turn the scale in favor of an advance in prices. A large mejority of the operators at the Board and in the street are disposed, however, to sell for the decline at every rally, however slight, which takes place; and there is not at present any earnest, powerful or persistent opposition. The closing prices were for New York Central, 83; #83; Erie, 16; #17; Hudson River 33] #33]; Reading, 51] #51]; Michigan Central, 52% Michigan Southern, 201 @ 201; Preferred, 47 | @ 474: Galena, 707 2:71; Rock Island, 583 2:59; Toledo.

Freights are firm, but very quiet. To Liverpool: Cotton at 3-16 a 7-32d.; 400 bbls, Rosin at 2s. 6d. To London: 100 tes. Navy Beef at 5s. 9d.; 100 bbls. do. at 4s. 3d. To New Orleans: 5,000 bush, Oats at 3½s. A vessel of 250 turs to south side of Cuba and back at 40c. for Sugar, and \$3 for M lasses. A schooner from Machias to Porto Rico and back to New-York at 421c. for Sugar, and \$3 for Molasses. A schooner of 157 tuns from New York to Cienfuegos in ballast and back with Molasses at \$3 50.

The business of the Sub-Tressury was: Receipts \$200,462 16-for Customs, \$139,000; Payments, \$170, 672 63; Balance, \$7,034,284 90.

The Clearing-House exchanges to-day were \$20,567, 701 55. It is stated by The Cleveland Herald that a permanent line of steamers between Buffalo and Cleveland is to be established next Spring, to run in connec tion with the North River water and rail lines. The Common Council have authorized the Harlem Kailroad to extend the Fourth avenue horse railway to Seventyninth street, near the upper boundary of the Central Park. The Sackett's Hurbor and Ellisburg Railroad was sold at public auction on the 15th instant to Mr. Kissam of New-York, for the sum of \$19,600. The amount due the original bendholders was \$150,000.

Albert H. Nicolay's regular daily auction sale of stocks and bonds will take place to-morrow, Friday, at 12; o'clock, at the Merchants Exchange.

S. Draper will hold his regular anction sale of stocks and bends to morrew, Friday, at 19; o'clock, at the

Merchants' Exchange.

The following dividends have been declared, viz: The Washington Insurance Company, 10 & cent, payable January 3; the Continental Bank, 31 \$\ cent, payable January 1; the Morris and Essex Railroad, \$1 P share, or 3 P cent, payable January 1; Mechanic's and Trader's Bank, Jersey City, 5 P cent; Long Island Insurance Company, 10 P cent, payable January 3; Manchester Print Works, 4 P cent, payable on demand. The railways running from Boston, pay the fellowing dividends: Boston and Maine, 31 & cent; Providence, Boston and Worcester, Lowell, Fischburg, and Old Colony, each 3 to cent. The Eastern will pay no dividend. The Watertown and Rome Railroad, has declared a semi-annual dividend of 3 P

IMPORTANT INSURANCE CASE.

From The Albany Argus.

In the report of the proceedings of the Supreme Court of the United States of Dec. 10, we shad the fol-

case decided by Judge Nelson some months ago which finvolves the validity of what have been "cast

which involves the validity of what have been "cash policies" issued by Insurance Companies organized on the mutual principle. Judge Nelson held the policy in the case before him valid. And it seems that the appeal from his decision has now been submitted to the full beach at Washington.

It is understood that substantially the same question has been for several terms before the Court of Appeals of this State, and that the Judges have expensive of sume embarrassment in arriving. At a conclusion icheed some embarrasement in arriving at a consion which would command the assent of a majority.

It is said by legal gentlemen that there is a large amount of litigation depending upon the decision of

is point.

While decision by the Supreme Court of the United States will, of course, have great weight with the ultimate ruling of the court of last resort in this State it will not necessarily on such a question control the result in the State Courts. On the contrary, we be leve the rule is, that upon questions depending upon State laws, and not affecting the United States Constitution or treaties, the United States Supreme Court fellow the decisions of the State judicial tribunals, where they have clearly defined and settled the law on the subject involved.
